

Sebadoh, Nick Of Time

I guess when you met me, it was OK
Cuz you made an exception for a thousand ways
I'm sorry baby, yes, I was unkind
I'm beginning to forget you're a friend of mine
Destroying us in destroyer world
We don't need to know what you're worth
Compare yourself to nothing and no one
You know it because you started out
[Repeat]
You started out
It was the nick of time, girl, you got it all right (X3)
