

# Sebadoh, Rebound

Heart-broken and attractive  
A sad, sloppy mess  
Lookin' for approval  
And easily impressed  
Beware they say, but why would I listen?  
I need to know what I've been missing  
I'm no one you can trust  
All little-boy lonely with curious lust  
Confusion turns me upside down  
Lost as quickly as I'm found  
But soon enough it turns around  
On the rebound  
Call it fate or true love, never forced romance  
Fell into a new love  
Maybe perfect love by chance  
Beware they say, but why would I listen  
When it feels this good?  
No one lives their life  
Doing all the things they say they should  
Confusion turns me upside down  
Lost as quickly as I'm found  
But soon enough it turns around  
On the rebound (X4)
