

# Sebastian Bach, Freedom

Bad to the bone comin' outta the grave  
Skeletons gonna break the cage  
Get the blood in circulation, infuse!  
Been kickin' down the Pearly Gates  
Your soul ain't mine to save  
Ain't never gonna seal our fate  
So long overdue

Freedom  
You ain't got no time left to waste  
Now we're kickin' ass & takin' names

Fight fire with the back of my hand  
Makin' love on 1st impression  
Ain't got no chains to hold me  
Stir crazy for the last time  
End of conversation  
Ain't never gonna seal our fate  
Ain't under the screw

Freedom  
You ain't got no time left to waste  
Now we're kickin' ass & takin' names  
Starin' down the barrel of a gun  
No no!

Freedom  
You ain't got no time left to waste  
Now we're kickin' ass & takin' names  
Born to fight  
At what cost have you won?  
Starin' down the barrel of a gun  
You ain't got no time left to waste  
Let 'em loose to howl & desecrate  
Pour yourself a drink of high octane  
'Cause now we're kickin' ass & takin' names!!!
