

# Sebastian, It's Your Move

(feat. Sarihn)

[Verse 1: Sebastian]

Got everything I want  
I'm just not letting on  
I gotta play it down  
Don't wanna be too loud  
Talk about me with your friends  
But around me, you pretend  
Like you don't notice  
But I notice how you check me out

[Pre-Chorus: Sebastian]

Who's gonna be the one  
To start the conversation  
Who's it gonna be  
I'll be watching the way  
That you look at me  
It's your move

[Chorus: Sebastian & Sarihn]

I know you're thinking about  
Don't wanna be without  
And gotta say it, try to fake it  
But you know it's true  
I know you checking me  
And liking what you see  
Don't try to hide it or deny it  
Cause you know it's true  
I know you working it  
It's kinda obvious  
You know you getting my attention  
What you wanna do about it?  
What you wanna do about this?  
It's your move

[Sebastian:]

I think it's time to show  
The way you feel, I know  
C'mon let's see it  
I know you want me bad

[Sarihn:]

I see the game you playing  
The guys keeps you waiting  
I'm what you really want  
But you don't have...

[Pre-Chorus: Sebastian]

Who's gonna be the first  
To finally say the words (Ohhhh)  
Who's it gonna be (not me)  
You can fool yourself  
But you can't fool me  
It's your move

[Chorus: Sebastian & Sarihn]

I know you're thinking about  
Don't wanna be without  
And gotta say it, try to fake it  
But you know it's true  
I know you checking me  
And liking what you see  
Don't try to hide it or deny it

Cause you know it's true  
I know you working it  
It's kinda obvious  
You know you getting my attention  
What you wanna do about it?  
What you wanna do about this?  
It's your move

[Hook:]  
It's your...  
So what you gonna do (tell me what you wanna do)  
If you wanna win it, gimme  
You gonna have play  
It's your move

[Chorus: Sebastian & Sariah]  
I know you're thinking about  
Don't wanna be without  
And gotta say it, try to fake it  
But you know it's true  
I know you checking me  
And liking what you see  
Don't try to hide it or deny it  
Cause you know it's true  
I know you working it  
It's kinda obvious  
You know you getting my attention  
What you wanna do about it?  
What you wanna do about this?  
It's your move
