

# Second Coming, Electric Head

Electric head  
Dizzy and red  
I think I'm on but then I'm stupid again  
I wish I could keep that style  
Such a perfect style  
Then maybe chicks will dig me again

Yeah, I'd like to keep that style  
A perfect head to let me get  
Back wild

Surface to blue  
The dead is in you  
My minutes are 2 so let me  
Get some  
I wish I could keep your face  
Such a perfect face  
Then maybe God will dig me again

If it's all the same to you I give up  
I've never seen you in my life  
Does it hurt to see my pictures  
You can thank that no good wife of your  
Divorce? Of course!
