

# Secret Sphere, Labyrinth Of Glass

My eyes can see  
so close, the invisible walls  
which force you  
in conformed paths  
guiding your mind  
under a bright sky  
of painted glass

(PRE CHORUS:)

Without a hole  
to the warm rays of sun  
Ohh!  
Find the way, to escape from the dark  
no fear, of the pen sight  
For mankind now  
I swear, captivity  
no more shall last

(PRE CHORUS II:)

Will never fall my hope  
no time I'll waste  
Noway, has to fall my hope  
no time I'll waste

(CHORUS: )

My neverending need to run out  
shows the way to break the glass  
and find yourself lonely  
in a fake mankind

(#PRE CHORUS)

(#CHORUS)

(#CHORUS)

.....

to run out...

to break out...

fake mankind...
