

# Secret Sphere, Secret Sphere

Voice of The Shadowlight:  
From the deepest abyss of mind  
through the infinite space of time  
My voice will steal the light to your eyes  
and make them bright  
Chains of reality...

The spell of Minstrell's chant:  
Somewhere in time,  
raised by the spellbound of the moonlight  
With my chant I paint your dreams,  
hopes and desires,  
If there's a fire in your eyes  
with my melody I have inflamed your hearths  
With hate and love

The messengers of Awakening:  
Winds of tragedy  
tears of sadness mistrell on  
Winds of tragedy  
no more light  
Winds of tragedy  
sterile shadowlight weighs the world

The Minstress of Blindness:  
Darkness embraces memories,  
lost in the shadowlight  
Mankind writhes in pain  
tears from the sky  
Are slowly blowin' outn the flames of desire,  
the infinite essence of the forest die before the cold  
Walls of progress  
fairy waves of imagination break  
Against the inanimated stones of reality

Skies are falling,  
freedom cries,  
Nature everywhere is dying,  
before my eyes

The Truth from Infinity (The voice of the Sphere):  
Fantasy is beyond your eyes,  
mirror and gate to the lost world of dreams,  
Desires, inspirations, enchanted stars,  
to enlight realitywith the colours of hope  
Hidden deep inside yourself

The rebellion of Fantasy:  
Force and majesty  
lights and thunders coming with  
Force and majesty  
this is our time  
Force and majesty  
one will prevail in fight

The Endless battle

Minstrel of blindness:  
The magical sphere is the flame of our soul

Mistress of Shadowlight:  
I'll break your hopes,  
I rule the world,  
I am you...

Minstrel of blindness:  
Mankind id floating in a sea of darkness,  
mankind raise up  
it's time to realize!

AND THE DREAM WILL SHADE INTO LEGENDS...
