

Secrets In Stereo, Happy

I wanna be
Next to you
And watch you while you sleep
Holding you
Lost inside
Every breath you breathe
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
One minute more
A thousand years
It's all the same to me
Cause i'm incomplete
And i need you more
With every breath i breathe
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
I try to let you know
But my words get tangled up
And every time I find that I'm
Outside looking in
I can't let this moment go
When you're the only one
I that makes me feel the way I feel inside
Lately i'm falling for you
Lately i'm falling for you
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
I don't wanna live a day without you
I just wanna be the one that makes you happy, happy
