

# See Spot Run, Loathe

I know it's true  
I've been a little crazy over you  
And if I'm going to make an ass of myself  
I might as well begin  
And if I say I love you  
Will you disappear before my eyes

And if I give you an inch  
Will you take a mile  
Hold my head under the water with a smile  
And if I comfort you in sorrow  
Will you be mine  
Or take me for all that you loathe

The way I feel

Maybe more than you will ever know  
And when I ask myself,  
I realize I'm never gonna win  
And if I say I only want to be your friend  
Would that be fine?  
Or should you go?

Will I ever leave?  
Or will I be ignored until I blow away?

I know it's true  
I've been a little crazy over you  
And if I say I love you  
Will you disappear before my eyes
