Seeed, Jackpot Girl

i had a jackpot girl in my arm but over night she had left and gone
i think i have to call a detective - call a detective
call the police and detective - hire a detective
i searched up - and downtown
i searched all day and now di night come
what should i do today is a bad, oh what a sad day
yes man my woman disappeared
she was the type of girl that i searched for
all my life - everywhere
the chappel was chosen wanted all of them to see
i'm going marrie her
but the girl was not there
i searched everywhere ooh yeah
i'm gonna everything do that i can
to find my jackpot girl - she's the bomb
i think i have to call a detective - call a detective
call the police and detective - hire a detective

nein mann ich hab deine braut nicht gesehen
und berhaupt alter, sie will gehen - lass sie gehen
okee ich muss gestehn du hast'n mittleres problem
doch du wirst sehen bald wird wieder rckenwind wehen
schlie' die augen, zhl bis zehn, zack - da steht marlene
dein kopf ist ihr genehm also wird sie ihn dir verdrehen
vielleicht wird es schiefgehn vielleicht super, je nach dem
lass sie kommen, lass sie stehn, das ist bockreich und bequem

jackpot girl in my arm but over night she had left and gone
i'm gonna keep up the fire
cause: "never succseeds at last"
don't be afraid of our devine combination
cause as i said: "it's ment to be from creation"
and it's my desparate desire
to get you back right into my arms
your the juwel that i lost inna deep deep water
where are you oh please reveal
jackpot girl - have you seen my jackpot girl
jackpot girl - has anybody seen my jackpot girl
