

# Seekers, The Music Of The World A-Turnin'

I hear the music of the world a-turnin';  
Can't you hear the sound of the world a-turnin'?  
If you stop and listen, you can hear things grow;  
You can have music wherever you go.  
I hear the music of the world a-turnin';  
There are some folks laughin'; there are some folks cryin'.  
Kids playin' in the streets sound sweeter than a choir;  
All you gotta do is listen to ...

Chorus:

Hear the music of the world a-turnin'  
Can't you hear the sweet sound of the world a-turnin'.  
If you stop, look, and listen, you can almost hear things grow;  
You can have music wherever you go.  
I hear a symphony of traffic in the city;  
There are horns a-blowin'; there are heels a-clickin'.  
Hear those ashcans rattlin' as the sun begins to rise;  
All you gotta do is listen to ...

(Chorus)

Windgot a special song for each and every day;  
It's got the waves a-dancin' and the thunder clapping.  
Now, don't just ignore itthere's a concert all around you;  
All you gotta do is listen to ...

(Chorus)

You can have music wherever you go.
