Seether, Hang On

Well now I found myself Wish I was someone else My hands are stained with love Wish I could take it away I hid behind the shell In time the pain will melt My heart is stained with love Wish I could fake it

I gave my life away Theres nothing left to say I gave my life away You take it in your way

You take it in your way

My selfish enemy Still has the best of me Empty and feeling numb Wish I could take it away I cant control the need To weak to not concede Wish I was deaf and dumb Wish I could fake it

I gave my life away Theres nothing left to say I gave my life away You take it in your way

I gave my life away Theres nothing left to say I gave my life away You take it in your way

I cant pretend were the same I cant pretend were the same I cant pretend were the same

Oh now I found myself Wish I was someone else My hands are stained with love Wish I could FAKE

I gave my life away Theres nothing left to say I gave my life away You take it in your way

I gave my life away Theres nothing left to say I gave my life away You take it in your way

You take it in your way [4x]
