

Seigmen, Malmklang

You dressed me on - twisting names
You lay the egg for a new life
Wanting you to crack the label code
Wanting you for everything

As ugly as a boy
A boy without a girl
As ugly as a boy
Who wants the world

Who wants the world

A soft god for taste like this
Wanting you to waste your time on me
Like touchful thinking

As ugly as a boy
A boy without a girl
As ugly as a boy
Who wants the world

Domination

You set me on - you stripped me down
I've paid the prize - but still remain

As ugly as a boy
A boy without a girl
As ugly as a boy
Who wants the world
