"Little Kisses"

-----  
Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.  
-----

With every kiss that you give me, I love you more and more  
All the little kisses that you've given me  
are always with me  
I have them here in my heart  
To remember how much you love me  
And how much I love you  
I need your little kisses every night, every day  
Tell me little love that I'm your happiness  
Tell me love that I'm the owner of your heart  
I need your little kisses every night, every day  
Tell me little love that I'm your happiness  
Tell me love that I'm the owner of your heart
