

Selena, Como La Flor (English Translation)

I know you have
A new love
Nevertheless
I wish you the best
If in me you found no
Happiness
Perhaps someone else
Will give it to you
Like the flower (Like the flower)
With so much love (With so much love)
You gave me
It withered
Today I leave
I know how to lose
But oh, how it hurts me
Oh, how it hurts me
If you were to see how it hurts
To lose your love
With your farewell you take with you my heart
I don't know if I'll be able
To love again
Because I gave you all the love I could give
Like The Flower....
