Selena, Como La Flor (English Translation)

I know you have A new love **Nevertheless** I wish you the best If in me you found no Happiness Perhaps someone else Will give it to you Like the flower (Like the flower) With so much love (With so much love) You gave me It withered Today I leave I know how to lose But oh, how it hurts me Oh, how it hurts me If you were to see how it hurts To lose your love With your farewell you take with you my heart I don't know if I'll be able To love again Because I gave you all the love I could give Like The Flower....
