

Selena Gomez, Head First

(ha ha ha ha)

We talk on the phone every night

Im losing sleep

And when we hang out, youre in my dreams

Youre everywhere I go, or so it seems

And when I get around you I say stupid things

And things I dont mean

Im falling head first over you(over you)

Im falling head first over you

You filling me up now, just like a balloon

Im slipping and Im falling head first(head first)

Im falling for you

Im falling for you

Boy you give me a sign

Show me the light

Cause Im hanging to every word you say

And my covers blown, is that okey?

Cause Im getting feelings that I just cant shake

Do you feel the same way?

Im falling head first over you(over you)

Im falling head first over you

You filling me up now, just like a balloon

Im slipping and Im falling head first(head first)

Im falling for you

Im falling for you

With the things that you do

Im falling for you(Im falling, Im falling)

(Im falling for you with the things that you do)

With the things that you do

Im falling head first over you(over you)

Im falling head first over you

You filling me up now, just like a balloon

Im slipping and Im falling head first

Im falling head first over you(over you)

Im falling head first over you

(You got me going crazy)

You filling me up now, just like a balloon

Im slipping and Im falling baby

Im falling for you

Im falling for you

Im falling for you
