Selena Gomez, Just Don't

I'll decide The path of my life I'll choose What I wanna do You can stand In the way But the wall you made Will come crumblin' So I will say today [Chorus:] Don't tell me I'm wrong or right Don't try to Stir up a fight Don't get in my way When I wanna choose Don't wanna hear What you've got to say Just don't I'm gonna run Far away Leave your place Today You may try to Hold me back But what can I say It's my life Stay out of it [Chorus] Come on Don't try to keep me From life I'm growing older I'm getting stronger Ready to fly away Hey hey [Chorus] Just don't
