

# Selena Gomez, My Dilemma 2.0

You make me so upset some times  
I feel like I could lose my mind  
The conversation goes nowhere  
Cuase you're never gonna take me there

And I know what I know  
And I know you're not good for me  
Yeah I know what I know  
And I know it's not meant to be

He's my dilemma  
One half of me wants ya  
And the other half wants to forget  
My, my, my dilemma  
From the moment I met ya  
I just can't get you outta my head  
And I time myself to run from you  
But I find myself attracted to  
My dilemma, my dilemma  
It's you, it's you

Your eyes have told a thousand lies  
But I believe them when you look in mine  
I heard the rumours but you won't come clean  
I'm hoping it's because of me

And I know what I know  
And I know you're not good for me  
Yeah I know what I know  
And I know it's not meant to be

He's my dilemma  
One half of me wants ya  
And the other half wants to forget  
My, my, my dilemma  
From the moment I met ya  
I just can't get you outta my head  
And I time myself to run from you  
But I find myself attracted to  
My dilemma, my dilemma  
It's you, it's you

One day I want ya, and then I don't  
I'm gonna leave you, and then I won't  
I can't live, live with or without ya  
I can't live, live with or without ya

He's my dilemma  
One half of me wants ya  
And the other half wants to forget  
My, my, my dilemma  
From the moment I met ya  
I just can't get you outta my head  
And I time myself to run from you  
But I find myself attracted to  
My dilemma, my dilemma  
It's you, it's you
