

# Selena, I'm Getting Used To You

Wasn't like me to fall in love  
That's just the way that I was  
But now when I feel you holdin' me  
Something inside just tells me  
You've gotten to this heart of mine  
And I know its true cause darlin' I'm...  
Darlin I'm starting to find  
I'm getting used to you  
Ooh, and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you  
Didn't think that a love could mean that much  
But you've sure changed my mind with your touch  
Never knew that my heart could need you so  
Now I know that these arms can't let you go  
No they wouldn't even try  
Cause I'm sure that you're the one that I...  
Oh, one that I need in my life  
I'm getting used to you  
Ooh and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you  
Oh... (Repeat 3x)  
You've gotten to this heart of mine  
And I know it's true cause darlin' I...  
Oh, darlin' I'm starting to find  
You're the one I need in my life  
I'm getting used to you  
Ooh and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you  
Ain't no living without loving you
