

Selena, Siempre Estoy Pensando En Ti (English)

I'm Always Thinking of You

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

(Selena)

Today, upon awakening I could only think of you

(Pete)

And today I saw your face formed in flowers in a garden

(Selena)

Every moment, at every hour I remember you

(Pete)

And I [remember] your kisses

(Selena)

Your caresses, the way you look at me

(Both)

And I want to see you once again

Because I'm always thinking of you

Because everything reminds me of you

(Pete) of your voice,

(Selena) your smile

(Both) I wish to be close to you

all the time

I'm always thinking of you

(Selena)

I don't know what I'm going to do

Even awake, I dream of you

(Pete)

I'm going to go crazy

if I don't have you close to me
