&quot;I Love You&quot;

Please remember! This translation is my personal work. It is sometimes difficult to translate word for word.

I know that I won't forget you  
And I know that this goodbye will hurt  
Distance won't be able to  
erase the dreams, or what we felt  
What we cried, so many memories  
And if one day you want to come back  
Here, I'll be waiting for you  
Distance won't be able to  
erase the dreams, or what we felt  
What we cried, so many memories  
I love you, cari\*  
And I'll never forget you  
Even if time passes  
My love for you won't change  
And nobody will love you like I  
I love you, carino  
And I'll never forget you  
Even if time passes  
My love for you won't change  
And nobody will love you like I  
Goodbye, because I won't see you again  
And thank you, for the love and for the past  
What a shame that everything had to end  
Because I love you...  
But destiny has sent us  
on two different roads  
I love you, cari\*  
And I'll never forget you  
Even if time passes  
My love for you won't change  
And nobody will love you like I  
I love you, carino  
And I'll never forget you  
Even if time passes  
My love for you won't change  
And nobody will love you like I love you
