

Self, Suzie Q Sailaway (Mike Simpson Toy Mix)

I'm holding a grudge on her mind
While kids with lazer pointers try to fry mine
The sky is falling as we patch it with twine
I said the sky is falling run for your lives

Somewhere, Someway, Somehow
I need airplanes just to bring her down
She's so high, so far off the ground
Suzie Q Sailaway, just not right now

She climbed the trees behind the house
Had to call the Fire Dept. to get her down
Feet to the branches from the branch to the wind
She shot skyward before they could begin

Somewhere, Someway, Somehow
I need airplanes just to bring her down
She's so high, so far off the ground
Suzie Q Sailaway, just not right now

She's so high - repeat 4x

I can't be Superman today
She's taken my Up, Up, and Away
The sky is falling and I've just begun
To salvage pieces cause they'll be worth a ton

Somewhere, Someway, Somehow
I need airplanes just to bring her down
She's so high, so far off the ground
Suzie Q Sailaway, just not right now
