

# Selfmindead, Always

In your garden I can rest  
Here I'm safe from all harm

Your face gives me comfort  
Your arms give me rest

Your garden is beautiful  
All I want is to be here with you

Your love is always surrounding me  
Your love is always surrounding me

Your face gives me comfort  
Your Arms give me rest  
Your word is my foundation  
Your name is alive
