

# Selfmindead, Liar

Shut up  
Don't say another word  
I know what you are  
And I know what you do

Lying is the name of the game in process  
Lying is the name of the game you play  
Lying is the name of the game in process  
Lying is the name of the game

You fraud  
I can see right through you  
Liar  
I won't fall into your trap

The game is over  
I win and you lose  
The game is over  
I win and you lose this time

Can't believe a word you say  
Not a word you say is true  
Can't believe a word you say- You Liar  
Not a word you say is true- You Fraud

The Game is over now  
You liar

I won't believe in your lies
