

# Send More Paramedics, Half-Life

Fear from nation unto nation breeds a nuclear confrontation  
Blast fallout and radiation causes a viral mutation  
Triggers mass reanimation, widespread zombie infestation  
Mutual assured destruction leads to an undead eruption

Living in fear of the alien horde  
A zombie's heart is as cold as the coldest of wars

Now amid the devastation zombies plot your mastication  
Scenes of gruesome ruination give them sweetest delectation  
Glowing freaks of putrefaction seek a ghoulish satisfaction  
Killers with a single mission yearn for cranial nutrition

Devil-spawn hatched by thermonuclear war  
If you live by the sword, then you will die by the sword

Mega-deaths  
Caused by their taste  
For human flesh  
Nuclear waste  
Megatons  
Detonate  
There's nothing left  
It's Judgement Day

Gametes warped by nuke-pollution alter human evolution  
Genetic contamination engendering an aberration  
Undead and deformed creation, gross beyond imagination  
Warped beyond all recognition, freakish flesh this hellish vision

Inhuman cries  
Hateful half-lives  
This place of sighs  
Where this race dies  
Amid the dust  
Zombies rise  
And scream their lust  
To poisoned skies
