

# Send More Paramedics, Twilight Of The Flies

These Walls Are Breathing  
This World Is Closing In  
Pressure Is Building  
Shellshocked Amid This Din  
Every Careful Structure  
Suddenly Swept Away  
Now I Am Naked  
Beneath The Hanging Blade

Terrifying Phantoms Taunt Me  
Half-Seen Horrors Crawling Near  
Whispering Obscene Miasma  
Darkest Fears Have Become Real

Everything Here Just Wants To Rear Up And Bite Me  
Safe World Effloresces Into Nightmare

Sick Fear And Loathing  
Infects This Fevered Brain  
Nerves Overloading  
I Will Disintegrate  
Can't You See Them Writhing  
Out There Beyond The Pale?  
Boschian Abortions  
Headless Man Laughs In My Face

Terrifying Phantoms Taunt Me  
Half-Seen Horrors Crawling Near  
Whispering Obscene Miasma  
Darkest Fears Have Become Real

Everything Here Just Wants To Rear Up And Bite Me  
Now Every Bird-Call Is A Death-Knell

This Is The Twilight Of The Flies  
Screams Rend The Fabric Open Wide

Everything Here Just Wants To Rear Up And Bite Me  
Safe World Effloresces Into Nightmare

Incarcerated In This Place Alone Afraid There's No Escape
