

Sense Field, Am I A Fool

If I knew then, what I know now, lord.....
but will you still show me how much you're in love,
darling please,
I know I lost my head,
but don't turn away...

Am I a fool?
If you see her tonight, tell her I love her still...
Am I a fool?
If you see my love tell her hello, tell her I love her still...

She was right about us, yeah
she was right all along, yeah
she was right about love,
darling bird,
don't be a sad bird,
you know you deserve true love like everyone..
I believe you belong in the arms of this charming young man,
darling please, don't look away, don't move away...

Am I a fool?
If you see her tonight, tell her I love her still
Am I a fool?
If you see my love tell her hello, tell her I love her still...
Could you still love a fool?
