

Sense Field, Dreams

pressure's mounting
I'm moving mountains
with my eyes closed
and both hands tied behind my back
well if anything you're everything I want to be
things that people only dream
well if anything your everything that I am
I've got these dreams...
stakes are high
I can fly
with my eyes closed
both hands tied
I can fly and I,
lord I can fly and I will
if anything you're everything I want to be
things that people only dream
and if anything your everything that I am
I've got these dreams ...
yes, I've got these dreams and you're in them all...
singing the things that people are only dreaming about
life and love...
