

Sense Field, Every Reason

You give me every reason to be happy
You give me every reason to want to try
You give me every reason to want to live

you know me better than I do
baby I feel blessed
now I can die happy
now I can live happily
baby I feel blessed

You give me every reason to be thankful
You give me every reason not to doubt
You give me every reason to want to live

you know me better than I do
baby I feel blessed
now I can die happy
now I can live happily
baby I feel blessed
baby I have faith
you know me better than I do
baby I feel blessed
now I can die happy
now I can live happily
baby I feel blessed

we can overcome the world
we can overcome the world
we can overcome the world

You give me every reason to believe in you
You give me every reason to want to try

you know me better than I do
baby I feel blessed
now I can die happy
now I can live happily
baby I feel safe
you know me better than I do
baby I feel blessed
now I can die happy
now I can live happily
baby I feel blessed
