

Sense Field, In The Light Of Things

I'd like to think I was a lover
if I could ever bring us back together
I'd like to think I was a father
if I could get together with my children
I'd like to think I was a friend
so let us begin
I'd like to think I was your friend
we can start again
in the light of things
in the light of things
in the light of things
I'd like to think I was a thinker
if I could even get my thoughts together
I'd like to think I was still a child
if I could get together with my father
I'd like to think that I can see right in front of me
I'd like to think that I can breathe in everything
in the light of things
in the light of things
in the light of things
in the light of things
I'd like to think I was a lover
if I could ever bring us back together
