Sense Field, In The Light Of Things

I'd like to think I was a lover

if I could ever bring us back together

I'd like to think I was a father

if I could get together with my children

I'd like to think I was a friend

so let us begin

I'd like to think I was your friend

we can start again

in the light of things

in the light of things

in the light of things

I'd like to think I was a thinker

if I could even get my thoughts together

I'd like to think I was still a child

if I could get together with my father

I'd like to think that I can see right in front of me

I'd like to think that I can breathe in everything

in the light of things

I'd like to think I was a lover

if I could ever bring us back together
