

# Senses Fail, Still Searching

I can't believe it's been a year  
Since I kissed my fears  
On their salty lips  
And said to them I love you all

I carried the weight of the world on my shoulders  
For 20 years and look at me now

I've got something to say  
About the last 12 months I've lived  
I'm not the same kid I was when I was younger  
I just thought you should know  
I take a pill every day  
to help me deal with life

And oh my God, I've lost control  
I stare at accidents in a sick attempt  
To feel at all

I carried the weight of the world on my shoulders  
For 20 years and look at me now

I've got something to say  
About the family that I've lost  
I hope my mother and my father think  
That they raised a healthy boy  
Who needs the help of a shrink  
To even leave the house?

And oh my God, I've lost control  
I stare at accidents in a sick attempt  
To feel at all

I'm not the same kid I was when I was younger  
I just thought you  
I just thought you should know

I'm not the same kid I was when I was younger  
I just thought you  
I just thought you should know

I carried the weight of the world on my shoulders  
For 20 years and look at me now  
And now  
And now  
I'm finding a way to forget everything that I know

I can't believe it's been a year  
Since I kissed my fears  
On their salty lips  
And said to them I love you all

Don't ask, just follow  
Repeat and swallow  
Don't ask, just swallow them down your throat  
Don't ask, just swallow  
Repeat and follow  
Don't ask, just swallow them down your throat

My best friend is a man, with a lab coat and a grin  
I hold my shaking hand and he gives me medicine  
It almost makes me feel at home  
But they slowly steal my soul  
I tell him I still feel alone

"Don't worry someday I promise you will feel whole"

And oh my God, I've lost control  
Of the only thing in life  
I had a hold of  
And oh my God, I've lost control  
Of the only thing in life  
I had a hold of  
And oh my God, I've lost control  
Of the only thing in life  
I had a hold of
