

September, Good Times

Na na na na na na
Good times
Na na na na na na
Get down,
Good times come along
Good times come along
Good times, good times, good times

Whatever's on your crazy mind,
Come on make the pitch,
Show me where to turn you on,
Let me flick the switch,
'Cause just in case there's no tomorrow,
We'd better do it all today,
Good times come along

Na na na na na na,
Good times
Good times, baby, good times come along,
Na na na na na na,
Get down,
Get down with it, get down all around

Na na na na na na,
Good times
Good times, baby, good times come along,
Na na na na na na,
Get down,
Get down with it, get down all around

Don't think ahead, don't think at all,
Never mind the cost
it's all about the things you have,
Not the ones you lost,
And who cares if there's no tomorrow,
If we do everything today,
Good times come along

Na na na na na na,
Good times
Good times, baby, good times come along,
Na na na na na na,
Get down,
Get down with it, get down all around

Na na na na na na,
Good times
Good times, baby, good times come along,
Na na na na na na,
Get down,
Get down with it, get down all around

Come give it,
Come closer,
Crazy 'bout the feeling,
I want it,
I need it
Come live it,
Come closer,
Bouncing through the ceiling,
I like it,
I feel it

Na na na na na na,

Good times,
Na na na na na na,
Get down,
Good times come along

Na na na na na na, good times
Good times, baby, good times come along
Na na na na na na, get down
Get down with it, get down all around

Na na na na na na, good times (Come give it, come closer, crazy 'bout the feeling,)
Good times, baby, good times come along
Na na na na na na, get down (Come live it, come closer, bouncing through the ceiling,)
Get down with it, get down all around

Huuuuuu
