

# Seraphim Shock, Kitty's Dead

Once upon a time  
I lost my way  
Somewhere in the blue  
If just for the day  
I can watch you cry  
It means nothing now  
All those letters sent  
They pale somehow

And Ish  
Kitty kitty's dead  
Now I can dream  
Kitty kitty's dead  
Now I don't feel

It was never me  
It's just not enough  
Never what it seems  
Inside me now  
What did you expect  
For your memories  
Drowning in regret  
You'll never know

Loves will die  
Seasons pass  
Still it's you  
I shall haunt
