

Serebro, Kiss

I still remember that sunny day light
I cherish the moment that painted my heart
And all u were saying with ur angel lies
Mmmmmm
And u don't believe in what I feel for u
It's just because u had sad love or few
But I'm in love with u and this is true

Tonight I'll kiss u
Tonight I'll miss u

I opened my eyes and I saw dejavu
Like omg I was dancing with u
And other things that I wanted to do
Mmmmmmm
It don't mean a thing now if u are so far
I'm gonna make our hearts beating fast
And I'm on the way and know where u are
