Sergey Lazarev, Everytime

Didn't know where I was
Couldn't see the way out
Couldn't take my life alone
till I found you

From a stranger to a lover
I was searching for someone
Through the danger I discovered that you keep me safe from harm

Everytime I close my eyes, I see you
Everywhere you're always in my heart
I'm nothing without you
I'm everything with you
And even when we're worlds apart
Everytime I close my eyes

Coming from a place so cold
Then you gave me shelter
You see the secrets in my soul
I never have to tell you

No you're more than just a lover
And you keep me safe from harm

Everytime I close my eyes, I see you
Everywhere you're always in my heart
I'm nothing without you
I'm everything with you
And even when we're worlds apart
Everytime I close my eyes

Everytime I close my eyes
Everytime when we're apart
