

# Sergio Mendes, Please Baby Don't

(feat. John Legend)

Please baby don't  
Don't fall in love with me  
Please baby don't  
You know my history  
See honey I  
I'm just trying to warn you  
Please baby don't  
Don't fall in love with me

We've been cruising down this road a while now  
I should tell the truth  
Girl you've been so good to me  
But I know I'm no good for you  
You should run  
While you can  
Find yourself a better man  
Cause I'm known for ???  
And for breaking hearts across the land

Yes I've been known to have a few temptations  
Out there on the road  
Unless they hypothetically I slip and took a couple home  
Girl I know that's not fair  
You need someone wholl be there  
So just get away before  
It's too late and your pains too much to bear

[chorus x2]

Now on second thought  
Maybe well give this love a second try  
Cause I cant see you with no one else  
I'm selfish I cant lie  
So let's go  
Let's go slow  
You know all you need to know  
It could end one day  
But let's just savour  
See how far it goes

[Chorus x1]
