

# Serj Tankian, The Unthinking Majority

We don't need your democracy  
Execute them kindly for me  
Take them by their filthy nostrils  
Put them up in doggie hostels  
We don't need your hypocrisy  
Execute real democracy  
Post-industrial society  
The unthinking majority

Anti-depressants  
Controlling tools of your system  
Making life more tolerable  
Making life more tolerable
