

Sesame Street, Above It All

Above it all
I love to fly
Above it all
There in the sky
The world's below
Above am I
I was above it all!

Below, some dudes out for a sail
Below those dudes
There swam a whale
Below the whale
A submarine
Below is not where I was seen

Above it all
I love to fly
Above it all
There in the sky
The world's below
Above am I
I was above it all!

Then, one day, I heard a sound
Came from above
Turned me around

To my surprise
I saw a dove!
I was below
He was above!

Above the dove
Clouds were in flight
Above the clouds
Sun shining bright
I asked the dove
"Is something wrong?"
"Oh, no," he said
"Just change your song."

Above it all
I love to fly
Below it, too
There in the sky
The world's below
Above my eye
Above, below it all!
(Above, below it all!)
At last I know it all
Above, below it all!
