

Sesame Street, Cold

It's very very cold
It's very very chilly
My teeth are really chattering
And this is really silly!
I'm absolutely freezing
And getting awfully numb
This shivering and shaking
Is getting awfully dumb!
At times I have been warm
And often even hot
But boy I gotta tell you
That now I sure am not!
My skin has got goose pimples
And as you can suppose
My fingers are like icicles
And all my toes are froze!
I've said it once before
I'll say it once again
I know it will be warm someday
But I can't wait 'till then
'Cause I'll be ollllld!
And terribly COLLLLLLLLLLD!
