

Sesame Street, Happy And Proud

are some days that seem
Right out of a dream
Just make you want to shout out really loud
I feel totally proud

Kids: Proud!

But this great day I feel
Is really for real
It's an okay day
It's my birthday
And I'm feeling
Really happy and proud

Kids: Happy! Happy!

Oh, everybody smilin'
Feelin' happy too
I'm with my family and friends
I hope this day never ends

Wishes do come true

I wish everyone could
Feel always this good
With the sun up above
And down here lots of love
Yes, I'm feelin'
Loving, happy and proud

(For the last verse, we see kids dressed in black starry jammies, the background totally black with I

All these memories I'll keep
As I go to sleep
I will fly up to Mars
And even touch the stars as I start dreaming
Sleepy, happy and proud
Sleepy, happy and proud
