

# Sesame Street, Happy Birthday To Slimey

It's your birthday, and you're not here  
And it makes me want to shed a grouchy tear  
'Cause on your day of birth, worm  
I wish you were on Earth, worm  
Instead you're high above  
The atmosphere

Oh what can you do when your pet  
Is as far away as he can get?  
He's not in New Jersey, he's not in Cancun  
He's on his way back from a trip to the moon

And I wanna say "Happy Birthday"  
I wanna say it face to face  
I wanna say "Happy Birthday" to Slimey  
But he's out there in space

Oh what's a grouch supposed to do  
When he's feelin' this lonely and blue?  
I'm feelin' too sad to be grouchy and mean  
With me and the moon, and my worm in between

'Cause I wanna say "Happy Birthday"  
I wanna say it face to face  
I wanna say "Happy Birthday" to Slimey  
But he's out there in space  
Oh yeah  
He's out there in space  
Oh dear
