

# Sesame Street, How I Miss My X

When the springtime blooms  
with it's flowery perfumes  
oh, how I miss my x

When the moon shines high  
and the purple clouds roll by  
oh, how I miss my x

When my memories stray  
to the dreams of yesterday  
not one of my friends suspects  
that beneath my smile  
I am begging all the while  
oh, how I miss my x  
this evening  
how I miss my x

I miss the laughs we had many  
no hurts we hadn't any  
all good times, no great times  
just a laugh come what may times  
the world was aflame with love's glow  
I didn't know  
how could you go?

Yes the days go by  
but those memories never die  
oh, how I miss my x

It was gone too fast  
all those golden moments passed  
oh, how I miss my x  
I mean it  
oh, how I miss my.....

( the letter x now appears from audience)

X ! My darling x there you are  
Where were you?  
I've been going crazy looking for you  
You left me  
why'd you leave me?  
Don't you like me anymore?  
You do?!  
Well don't ever stray  
Please stay  
I love your little green nose  
I love your little eyes  
And I love the way you criss cross  
I just love ya, I just love ya x  
Don't ever leave me sugar  
Honey give me a kiss
