

# Sesame Street, I Heard My Dog Bark

I was lying in my bed on a quiet night  
Went down to the kitchen to get myself a bite  
I reached for the light as I walked in the door  
But I tripped and knocked a big old pot  
Down on the floor  
And then I heard my dog bark  
I heard my dog bark  
I heard my dog bark  
Standing in the dark, I heard my dog bark

Well, he barked so loud that he woke up my cat  
I'll bet you know the next thing I heard after that  
I heard my cat meow  
I heard my cat meow  
I heard my cat meow  
And standing in the dark, I heard my dog bark

Well, the barking and meowing made my ears say ouch  
It woke up my pet horse who sleeps on the couch  
I heard my horse neigh  
I heard my horse neigh  
I heard my cat meow  
And standing in the dark, I heard my dog bark.

Well, the noise was so loud that it hurt my head

It woke up my pet lion who sleeps on my bed  
I heard my lion roar  
I heard my lion roar  
I heard my horse neigh  
I heard my cat meow  
And standing in the dark, I heard my dog bark

It was the loudest noise that there ever was  
It woke up my pet bumblebee and he began to buzz  
I heard my bee buzz  
I heard my lion roar  
I heard my horse neigh  
I heard my cat meow  
And standing in the dark, I heard my dog bark

I put them all to bed all around the house  
Soon it was quiet, quiet as a mouse  
But then my pet mouse snuck out of his drawer  
And he tripped and knocked a big ol' pot on the floor  
I heard my dog bark  
I heard my dog bark  
I heard my dog bark  
While standing in the dark, I heard my dog bark
