

Sesame Street, I'm An Earthworm

Been to the moon
Saw all the stars
Up in a ship that flies
Here is the big surprise -
I'm an Earthworm!

Seen other worlds
Orange and grey
Comets were sailing by
Wonderful to the eyes
Of an Earthworm!

But I did not find flowers
Houses and birds and deer
And I could not hear music
Anyplace but here

So much to learn

Up in the air
Now that I have to roam
I learned that Earth is home
I'm an Earthworm!

I found the circus missing
Up where the stars are clear
And I did not find kissing
Anyplace but here

If there is love
Out in the stars
We'll find it, me and you
But 'til the day we do
I'm an Earthworm!
