

# Sesame Street, I Want To Be Your Friend

Shiny chum, don't be shy  
Don't be mum, just say "hi!"  
And we can play together  
I want to be your friend.  
Let's play ball, let's fly kites  
Best of all, let's be knights!  
We'll be so brave together,  
I want to be your friend.

We can ride upon our horsies where adventure can be found  
Save a dragon from a princess--or the other way around?  
We will challenge every villain, in the east and in the west,

And we'll find a baby birdie and return it to its nest.

Through enchanted forests we'll go strolling,  
And on Saturdays, we could go bowling!

Shiny sir, this I feel,  
I am fur, you are steel,  
But we belong together, faithful 'til the end  
Oh I want to be, oh I want to be, oh I want to be  
Your friend.
