

Sesame Street, It's Fun To Wonder

Baby Bear: Sometimes I sit
And look at the sky
And wonder why
The sky is so high
And why it's blue
Do you do that too?
It's fun to wonder

Maria: Sometimes I try
To look up and see
A little bird
At the top of a tree
And wonder what
The birdie can see
It's fun to wonder

Gordon: I wonder why the grass is green

And why the skylark sings
I love the sense of pleasure
Wondering brings

Rosita: I wonder why
There's fluffy white snow
And why do so many
Flowers grow
And even though
You might never know
It's fun to wonder

All: Trees and flowers, grass and sky
It's fun to wonder why.
