

Sesame Street, Let's Do The Wash (Version 2)

When you're playing baseball
And you fall in second base
When your hands are greasy
And you wipe 'em any old place
When you're putting on makeup
And there's more on what you wore
Than there is on your face

I know a way that I bet we could
Get those dirty clothes lookin' good!
Let's do the wash!
It makes your clothes so clean
Let's do the wash!

Just put 'em in the washing machine
I love to hear that soap and water slosh!
So, come on, baby, let's do the wash!

Ooh, let's do the wash!
It makes your clothes so clean
Let's do the wash!
Just put 'em in the washing machine
I love to hear that soap and water slosh!
So, come on, baby, let's do the wash!
