

Sesame Street, Love The Ocean

Every time I see the ocean I get choked up with emotion, it's true.
When I'm riding on my board catching waves into the shore with you.
I got a monster surfer dream, got to keep the water clean and blue,
So come on all around the world, let's do what surfing monsters do.

Come on and love, love, love, love the ocean.
Show respect for the sea.
Be a friend to the water 'cause
It's a friend to you and me.
Help to cure it, keep it pure from sea to sea to shining sea.

When I see somebody litter, it sure puts me in a bitter mood.
I say, "Hey do what you ought to, get that trash out of the water, dude"
The birds and animals and fish have a monster surfer wish for real.
They wish that people round the world would feel how surfing monsters feel.

Come on and love, love, love, love the ocean.
Show respect for the sea.
Be a friend to the water 'cause
It's a friend to you and me.
Help to cure it, keep it pure from sea to sea to shining sea.

Yeah! Love, love, love, love the ocean.
Show respect for the sea.
Be a friend to the water 'cause
It's a friend to you and me.
Help to cure it, keep it pure from sea to sea to shining sea.
From sea to sea to shining sea.
Yeah!
